Wholesale Info

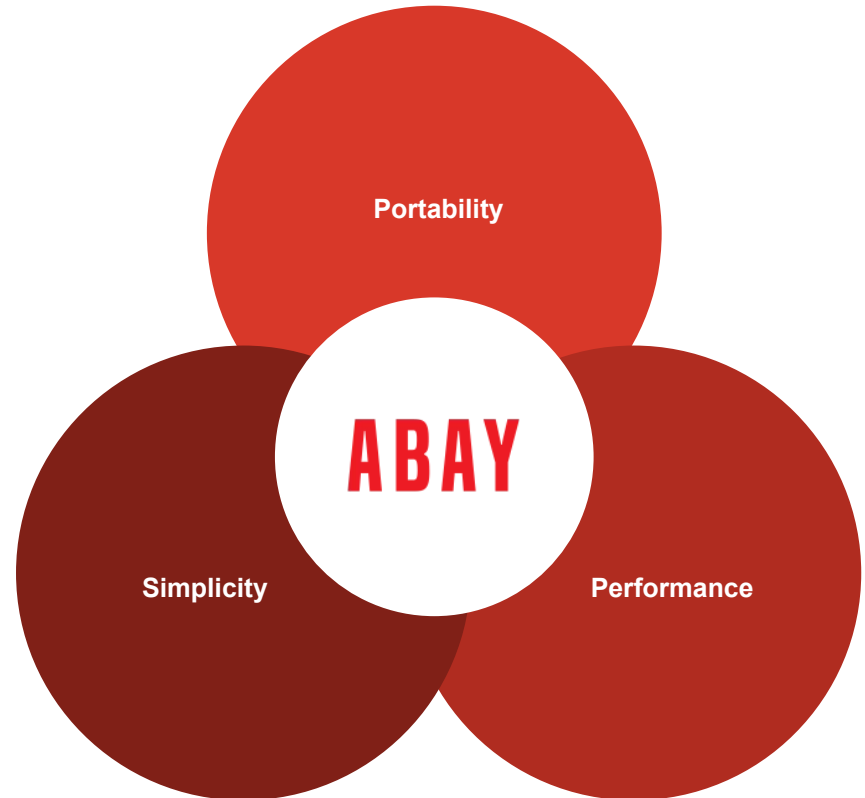

Why ABAY

We created ABAY because we weren't satisfied with the quality and performance of other closed pod systems.

That's why ABAY products feature the highest quality components, latest technology and an ultra-compact design for on-the-go use.

Welcome to ABAY.

Simplicity.

ABAY's simple, intuitive design makes it easy for anyone to find success with vaping.

Simply insert the pod and start vaping.

Less complexity isn't just great for consumers, it streamlines business operations for retailers.

ABAY

Portability.

As one of the most compact vaping systems available in the world, ABAY is discrete and designed to go with you everywhere.

ABAY features universal Micro USB charging for hassle-free charging.

ABAY also features a portable charging case which will recharge your device 5+ times for long duration outings.

ABAY

ABAY

Performance.

They come for the ease of use and portability, but they stay for performance and reliability.

Ceramic coils provide incredible flavor and consistency, without dry hits. Gold plated contacts ensure optimal connectivity.

ABAY pods carry more than 2x the liquid as JUUL pods providing longer use and incredible value.

Let's work together.

ABAY

At the end of the day, the passion that drives us is helping people be successful in their journey to lead a tobacco-free life.

We look forward to helping you and your customers be successful.
